Please mark (X) in the appropriate box. Please record responses to all questions (unless otherwise indicated in the text). Please see instruction sheets for further information.

<b>5 BEDRIDDEN</b>	
<b>5.1 Is the person bedridden?</b> The patient is unable to walk even with another person's assistance. (If placed in a wheelchair, unable to self-propel effectively). May frequently be incontinent. Will usually require nearly constant care - someone needs to be available at nearly all times. Care may be provided by either a trained or untrained caregiver.	<input type="checkbox"/> Yes <input type="checkbox"/> No (5)

If yes, explain:

---

---

---

---

<b>4 ASSISTANCE TO WALK</b>	
<b>4.1 Is another person's assistance essential for walking?</b> Requiring another person's assistance means needing another person to be always present when walking, including indoors around house or ward, to provide physical help, verbal instruction, or supervision. (Patients who use physical aids to walk, e.g. stick/cane, walking frame/walker, but do not require another person's help, are NOT rated as requiring assistance to walk). (For patients who use wheelchairs, patient needs another person's assistance to transfer into and out of chair, but can self-propel effectively without assistance.)	<input type="checkbox"/> Yes <input type="checkbox"/> No (4)

If yes, explain:

---

---

---

---

Study Number: \_\_\_\_\_ Subject Initials: \_\_\_ \_\_\_ \_\_\_ Date of Visit: \_\_\_ / \_\_\_ / \_\_\_

**2. USUAL DUTIES AND ACTIVITIES.** The next sets of questions are about how the patient usually spends his/her day.

**2.1 Work**

<b>2.1</b>	<b>Has the new stroke substantially reduced (compared to prestroke status) the person's ability to work (or, for a student, study)?</b> e.g. change from full-time to part-time, change in level of responsibility, or unable to work at all.	<input type="checkbox"/> Yes <input type="checkbox"/> No (2)
------------	--	---

If yes, explain:

---

---

---

**2.2 Family responsibilities**

<b>2.2</b>	<b>Has the new stroke substantially reduced (compared to prestroke status) the person's ability to look after family at home?</b>	<input type="checkbox"/> Yes <input type="checkbox"/> No (2)
------------	---	---

If yes, explain:

---

---

---

**2.3 Social & leisure activities**

(Social and leisure activities include hobbies and interests. Includes activities outside the home or at home. Activities outside the home: going to the coffee shop, bar, restaurant, club, church, cinema, visiting friends, going for walks. Activities at home: involving "active" participation including knitting, sewing, painting, games, reading books, home improvements).

<b>2.3</b>	<b>Has the new stroke reduced (compared to prestroke status) the person's regular free-time activities by more than one half as often?</b>	<input type="checkbox"/> Yes <input type="checkbox"/> No (2)
------------	--	---

If yes, explain:

---

---

---

**2.4 Other physical/medical condition**

<b>2.4</b>	<b>Are the patient's work, family, and/or social/leisure activities substantially reduced by a physical/medical condition other than the stroke that led to trial enrollment?</b>	<input type="checkbox"/> Yes <input type="checkbox"/> No (2)
------------	---	---

Provide explanation if 1) answer is yes, but prestroke assessment section 2 answers were all no, or 2) answer is no, but any prestroke assessment 2 section answer was yes:
